

Noah Kim

nkim@sughrue.com

Washington, DC
202.663.7946

Noah specializes in preparing and prosecuting patent applications, providing patent counseling, and handling patent appeals before the U.S. Patent and Trademark Office (USPTO). Noah has experience across a broad range of technologies in the computer and software arts, including artificial intelligence, machine learning, hardware accelerators, cloud computing, cryptography, computer vision, telecommunications, autonomous vehicles, and robotics.

Noah previously practiced at an AmLaw 100 firm in Washington, D.C., where he spent four years providing comprehensive patent services to some of the nation's leading technology innovators.
